COMMISSION ON THE STATUS OF WOMEN
Inter-sessional Working Group
10-14 January 1994
Agenda item 2

ADOPTION OF THE AGENDA AND OTHER ORGANIZATIONAL MATTERS

List of non-governmental organizations recommended for accreditation

Note by the Secretariat

1. The General Assembly, in its resolution 48/108 of 20 December 1993, established the criteria for accreditation of non-governmental organizations to participate in and contribute to the Fourth World Conference on Women and its preparatory body, taking into account resolution 37/7 of the Commission on the Status of Women.

2. Non-governmental organizations that already have Category I, II or Roster status with the Economic and Social Council and that express the wish to attend the Conference and the meetings of its preparatory body will be accredited for participation. Other non-governmental organizations may apply for accreditation, subject to approval by the Commission on the Status of Women acting as the preparatory body.

3. In resolution 48/108, the General Assembly decided that the secretariat of the Fourth World Conference on Women would be responsible for the receipt and preliminary evaluation of requests from non-governmental organizations for accreditation.

4. The application of each of the organizations that has requested accreditation has been evaluated by the secretariat of the Conference in accordance with the provisions of General Assembly resolution 48/108. Those organizations that have been found to comply with the criteria set forth in that resolution are listed in the annex to the present document and will be recommended for accreditation to the Commission on the Status of Women acting as

the preparatory body. Since the Commission will not meet before 7 March, the secretariat is of the view that a practical arrangement, consistent with the spirit of the provisions of resolution 48/108, should be put into place in order to allow those organizations to participate in the work of the Working Group. Until the Commission has an opportunity to take a final decision on the matter, the secretariat, subject to the views of the Working Group, therefore proposes to grant interim accreditation to the non-governmental organizations listed in the annex.
